Abstract

Hearing and vision in the Quran (Study graphic)

Yusef Ali al Tarawneh Mutah University, 2012

This study examines the words of hearing and sight in the Quran, in that they reveal the importance of hearing and sight, and topics that came in the Quran, and extract indicative signals, and the words related to hearing and sight mentioned by the Holy Qura.

The study came in an introduction, four chapters and a conclusion The introduction talked about the importance of the study and why it was chosen and a plan of study and previous Studies.

The first chapter deals with the concept of hearing and sight linguistically and idiomatically, and the importance of hearing and sigh

The second chapter talked about the Ayat of hearing and sight in the .Koran that came in Mecca and Madina and their topics.

In the third chapter, the study came to talk about the indicative signs in the Ayat of the sight and hearing.

The fourth chapter talked about the words related to sight and hearing in the Holy Quran. In the conclusion, I talked about the results I .got through my search.
